TICKETS

- **Alberta Journeyman Steamfitter/Pipefitter Certificate**
- **Alberta Journeyman Welding Certificate**
- CSTS Certificate *(2020)*
- H2S Awareness Certificate
- Confined Space Certificate
- Fall Protection Certificate
- Elevated Work Platform Certificate
- First Aid Certificate
- WHIMIS (*2015*)
- CWB SMAW All position

WORK HISTORY

Aecon Construction Solutions *2024 to 2025*
Structural Welder SMAW welding
Iron worker assist
Welding structural beams / hand rail / fabrication
Rigging and hoisting material

Pipfitter Shut Down Work Experience *2018 to 2025*
DCM Integrated Solutions / Horizon
AECOM, Joffre / Albian Sands / Husky Sunrise
Clearstream /Flint at Husky Energy Upgrader
QUINN, Joffre

- Lead Hand and Foreman Positions
- Pre-work and outage work
- Seeking out spools as to P/ID's
- Toolbox and THA involvement
- Bolt up and Torquing of High Pressure flanges
- Hydro Testing
- Furnace maintenance
- Construction and fabrication of spools
- Threading Pipe with Pipe threader
- Hand rigging spools

Welder Shut Down Work Experience *2017 to 2024*

AltaSteel, Edmonton

APM Canada / Getsco

- Welding Structural Stick / Flux
- Arc Air Gouging
- Maintenance repairs
- Repair work on Furnace, Crane, Ladles, Columns, Floors, Water lines, and Dropbox
- Install Piping and Supports
- Millwright Support Welder

Axiom Oilfield Solutions, Innisfail, AB *2018 to 2019*

Welder/Fitter - Flux core/Mig/Metal Core/Stick welding all positions

- Fitting/welding up skids, trailers, platforms and bins
- Repairs on trailers
- Tacking and prepping pipe for welding
- Threading pipe
- Building water lines
- Test pipe system for leaks
- Assemble and install valves and fittings

Worley-Parsons Cord, Blackfalds, AB *2013 to 2018*

Structural welding SMAW CWB welding mods

- Welding, Anchors, Guides, Supports, and structural beams
- Inspecting welds
- Tacking
- Grinding and prepping pipe for use
- Working on both carbon and stainless steel
- Cutting/Bevelling pipe
- Setting up and rolling pipe for welder
- Rigging
- Moving spools and loading trailers

Pipe fitting in mods

- Hydro test and install fabricated pipe spools within structural steel modular assemblies
- Adding designed supports, bolt up, and torquing specifications
- Read and interpret fabrication drawings and specifications
- Measure, cut, thread, groove, bend, assemble, and install piping,valves, and fittings

Ellis Fabrications, Red Deer, AB *2011-2012*

Welding Apprentice - Metal core and Mig welding

- Inspecting welds for quality
- Manufacturing construction new v-ditch buckets, pipe and mat grapples
- Operated overhead crane
- Fitting and tacking
- Using bender and shears
