skills

- Mechanical knowledge
- MIG, TIG and Stick welding experience
- I have worked on many cars, changing brakes, tires, oil changes, exhaust repair, replaced valve springs, valves, and spark plugs, tie rods, control arms, Pistons and various other vehicle components
- Wood working skills, building guitars,
- Basic electrical and carpentry knowledge
- Demo and renovations

Activities

Played elite baseball for 4 years (2016-2019) and traveled through Ontario and parts of the USA for tournaments

Played hockey since 2013- present in house league and select teams and traveled GTA for multiple tournaments.

One of my favorite hobbies is playing guitar, I have learned to read music, record, edit and produce my own tracks.

I also build Guitars with my uncle and customize them to our own design ideas.
