MILLWRIGHT APPRENTICESHIP SPONSORSHIP

Motivated and hardworking individual, seeking an opportunity as a Millwright Apprentice to begin a career in industrial maintenance. Brings a strong mechanical aptitude, a safety-first mindset, and an eagerness to learn from experienced tradespeople. Ready to contribute to a skilled team and grow in the trade.

SKILLS

- Mechanical Aptitude
- Basic Hand & Power Tool Use
- Safety Awareness
- Physical Stamina & Strength
- Strong Work Ethic & Dependability
- Basic Mathe and Measurement
- Teamwork & Communication
- Tactical Thinking
- Problem Solving Mindset
- Eagerness to Learn and Take Direction

Relevant Experience

Transportation Technology Class 2025

In this course I have learned a good understanding of blueprints, wiring schematics and problem-solving. I was able to work independently using the mechanical skills I was learning and was able to trouble shoot and apply critical thinking skills. I have gained the knowledge using tools while putting safety first.

Student Athlete- Football & Rugby Teams

Brantford Collegiate Institute

2020-2025

- I played competitive football and rugby, dedicating 15+ hours weekly to physical conditioning, team practice, and game performance.
- Developed discipline, resilience, and coachability, by taking directions from coaches and applying it under high pressure conditions.
- Strengthened physical stamina and toughness, applicable to demanding labor environments.
- Collaborated closely with teammates, reinforcing strong teamwork and communication skills.
- Gained deep respect for safety, injury prevention, and body mechanics through high contact sports.
