I would like to gain a full time apprenticeship in a professional environment to create a more sustainable lifestyle that allows me to work my tactical and mechanical skills on a regular basis.

Work Experience

Field Technician

Min-Tech Environmental-Hamilton, ON

November 2024 to Present

- Currently an industrial mechanic that is not certified but holds working at heights, manlift (lv.1 and lv3), confined space certificate and forklift license
- Job tasks include and not limited to troubleshooting, grinding, fabricating, welding, pneumatic painting, servicing/Maintenance, modifying/rebuilding (machines fully torn down to bare chassis and rebuilt with individual manuals safety hazards), some electrical, shotcrete application for refractory work
- Great knowledge and understanding of hydraulics with flow control, electrical or diesel driven platforms

Account Manager

WURTH CANADA-Barrie, ON

March 2020 to Present

I operate the northern side of Ontario between Concord ON to North bay driving between 600-1400km daily as a supplier for construction companies. Organize their accounts and purchases as well as inform them in new products available to them.

Delivery Driver

UPS-Stoney Creek, ON

August 2021 to November 2024

- Package car drivers responsibilities are to follow all road safety at all times while remaining in a sufficient delivery schedule
- 70lbs and under are considered light weight packages so anything above 70lbs should be carried with a lifting device
- Understand the mapping of the work areas to deliver in a timely manner
- Proper customer service upon any delivery especially ones with COD owing payment

Representative/ Continuous Trainer

HHLT

February 2017 to November 2018

As a House Hold Loyalty Representative in the telecommunication's industry I was required to:

- Review eligible accounts with a full investigative review in order to discuss large billing disputes
- Account changes or modifications
- Retain any customer if possible while providing pristine customer service which led me to gain virtuous communication skills
- When acting in the role of a continuous trainer I had led numerous training classes for existing agents as well as some of the management across the company

- Was also apart the All-Star program which is the Top 10% of the company

MACHINE OPERATOR

Ensure Personal

June 2015 to June 2015

safety

- Apply vehicle parts are in place with no damage
- Inspect specific area of vehicle to ensure its perfection
- Properly analyze task at hand

AUTO DETAILER/DECALE SPECIALIST/NATIONAL SUPERVISOR

G.W ANGAL WORK TRUCKS PLUS

July 2014 to July 2014

- Clean inside and outside of assembled trucks
- Complete the vehicles job order (paper work)
- Install license plates, ownership, insurance a well as the companies decals
- Draw reference lines for accurate decal placement
- Ensure vehicle job cards are completed to perfection for the most accurate quotes
- Fix mistakes on the vehicle job cards and discuss the mistake with the employee to help prevent future mistakes
