SKILLS

- Attention to detail while seeking efficiency to ensure project completion.
- Ability to learn and listen.
- Knowledge in hydraulics, pneumatics, rigging, electrical, machining, welding, motors, alignment, prints, operation of basic heavy machinery, and pumps.

Currently a student enrolled at Durham college in the industrial mechanic-millwright program seeking an apprenticeship opportunity to expand my knowledge and career as a millwright.

RELEVANT EXPERIENCE

Student Labourer, Transportation services, Grey County

May 2023- August 2023, April 2024 - August 2024, May 2025- August 2025

- Ability to complete jobs within a time frame to keep integrity of the road and other vehicles.
- Ability to control traffic.
- Knowledge of Book 7 and other workplace health and safety guidelines.
- Ability to collaborate to complete small construction projects such as post installation, culvert replacements, guard rail replacement, major road washouts.
- Knowledge of running an asphalt roller.
- Knowledge of hooking hydraulic equipment up to machines such as tractors, back hoes, and high hoes.

Labourer, Owen Sound Ledgerock, Owen Sound

September 2023- April 2024

- Ability to listen and collaborate.
- Able to complete orders within a time frame to ensure satisfaction.
- Knowledge about stone and stone types in order to complete orders.
- Knowledge about decorative stone such as windowsills, coping, flagstone, and cut veneer as well as manufacturing them.
- Being able to cut within tolerances of $1/32$ - $1/8$ to ensure quality and fit.
- Able to lift 75 lbs and heavier.
- Knowledge of small machines and basic maintenance of machines such as an Ez-cut.
- Assisted in dismantling the saw table and understanding bearing clearance, alignment, and the process of putting the table back together.
- Used hoisting and rigging to move stone and complete work including jib cranes with forks and slings. Also used an overhead crane for bigger pieces.

EDUCATION

St Mary's High School, Owen Sound — OSSD

September 2018- June 2022

Completion of Ontario Secondary School Diploma

- Honour roll

Trent University, Peterborough - English Honours

September 2022- April 2023

Completed one year

Durham College, Whitby - Mechanical Technician - Millwright

September 2024- present

Currently enrolled in my second year of a two year diploma program.

- Learned fluid power such as hydraulics and pneumatics.
- Learned the theory of the trade such as hosting and rigging, hand tools, materials, basic machining techniques, thermodynamics.
- Able to successfully weld oxy acetylene, SMAW, GMAW, and GTAW projects.
- Ability to complete small machining projects with accuracy and proficiency.
- Successfully achieved a GPA of 4.94 as well as obtaining a 100% in the machining practical 2nd year course. Making projects such as a bench vise, clamps, threads, drilling precise holes and working to tolerances ranging from 0.005" to 0.001". I also used lathes, mills, drill presses, pedestal grinders, surface grinders, radial arm drill presses, band saws and hand tools to manufacture pieces.
- Knowledge of basic belt splicing
- Ability to take apart, examine, reassemble, align, and replace parts on gearboxes, pumps, motors, and bearings.

OTHER EXPERIENCE

Nofrills, Owen Sound-Cashier/Cash supervisor

September 2020- August 2022

-Ability to collaborate with others and able to handle daily expectations and responsibilities.

- Able to memorize code systems in order to take checkout times down.

- Ability to interact with customers to ensure satisfaction.

-Ability to manage recalls and small groups of people to ensure the integrity of the store and complete closing procedures

Trent University Library Student , Peterborough

September 2022- April 2023

- Expanded on customer service within the guidelines of the library
- Experience with Microsoft excel and data entry
- Shelving books within code systems to ensure accuracy.

Game Day Operations with the Durham Lords, Durham College, Oshawa

September 2024 - Now

- Helped run the Durham lords social media page.
- Helped with live streams of the games such as switching cameras.
- Run game clock for basketball, volleyball, and soccer.
- Attention to detail to ensure quality of the game for athletes and spectators.
- Helped be a part of a team that hosted CCAA women's national volleyball tournament.
