Objective

Motivated trades worker seeking entry into a **Registered Millwright Apprenticeship**. Willing to start in a **helper or pre-apprentice role** to gain hands-on experience, prove reliability, and develop the skills required for long-term success in the trade. Strong focus on safety, mechanical aptitude, and continuous learning.

Core Skills

- Mechanical aptitude & hands-on problem solving
 - Industrial fabrication fundamentals (TIG/MIG exposure)
 - Precision measuring & layout
 - Power & hand tool operation
 - Material handling (overhead crane, forklift, telehandler)
 - Working at heights & job-site safety
 - Quality control & inspection
-

Relevant Experience

Automation Fabricator / Machine Builder

AIM Industrial – Cambridge, ON

July 2024 – Present

- Fabricate, assemble, and inspect industrial jigs and fixtures to client & design specifications
- Completed high-volume production of precision jigs (2,200 units) meeting strict quality and delivery requirements
- Collaborated with engineers to modify and prototype new jig designs for automotive manufacturing applications
- Performed TIG and MIG welding, grinding, plasma/torch cutting, and metal forming using shop saws and benders
- Operated manual milling machines to fabricate and modify components to specified dimensions, maintaining accuracy and quality standards
- Safely operated overhead cranes, forklifts, and telehandlers to move materials and assemblies
- Followed lockout, material-handling, and shop safety procedures to maintain a safe work environment

Transferable Skills to Millwrighting: Mechanical work, industrial fabrication, welding fundamentals, blueprint/spec interpretation, quality control, material handling, safety compliance

Window and Door Installer/Service Man

Linton Window and Door – Cambridge, ON

June 2022 – July 2024

- Installed residential windows and doors including casement, awning, single-hung, double-hung, and sliding glass units
- Performed interior finishing including framing, jambing, trimming, and layout work requiring precise measurements
- Completed exterior finishing such as aluminum flashing, caulking, and vinyl siding installation
- Removed and replaced sealed glass units and repaired existing installations using patching compounds and replacement components
- Performed minor masonry work involving brick and concrete repairs
- Worked safely at heights using ladders and lifts while following company safety procedures and OH&S standards
- Used power tools and hand tools daily while maintaining clean, organized, and hazard-free work areas
- Communicated with homeowners to explain completed work and ensure quality and satisfaction

Transferable Skills to Millwrighting: Blueprint interpretation, precision measurement, tool handling, safety compliance, coordination with other trades

Assistant Manager

FreshCo – Cambridge, ON

October 2020 – June 2022

- Assisted with daily operations including inventory control, scheduling, and staff supervision
 - Trained new employees on procedures, safety practices, and equipment use
 - Demonstrated reliability, time management, and accountability in a fast-paced environment
-

Education

High School Diploma

Glenview Park Secondary School – Cambridge, ON

June 2018

Certifications & Safety Training

- Working at Heights, Mobile Elevated Work Platforms (MEWP), Forklift Certification, Telehandler Certification, WHMIS, SAWDAC
