- Independent work and task completion

PROFESSIONAL EXPERIENCE

HGH Granite — General Labourer / Sandblaster

Hamilton, Ontario | May 2025 – Present

- Operate sandblasting equipment to prepare and finish granite and stone products.
- Operate a Manitou and other machinery to move, load, unload, and position heavy stone materials.
- Operate remote-controlled cranes as required for lifting and positioning materials.
- Assist with stone deliveries, loading, unloading, transportation, and installation.
- Work safely around heavy machinery, lifting equipment, tools, and industrial materials.
- Follow workplace safety procedures and instructions when operating equipment.
- Complete physically demanding tasks while maintaining attention to safety and quality.
- Adapt to different equipment, work environments, and job requirements; learn new procedures through hands-on instruction.
- Work independently when assigned tasks, communicate effectively with coworkers, and maintain a clean, organized work area.
- Demonstrate reliability, a strong work ethic, and willingness to learn additional responsibilities.

EDUCATION

Mohawk College — Computer Systems Technology

Hamilton, Ontario

ADDITIONAL QUALIFICATIONS

- Valid Canadian open work permit; legally authorized to work in Canada.
- Willing to begin and complete a Millwright / Industrial Mechanic apprenticeship and required technical training or safety certifications.
- Available for full-time work, overtime, weekends, and different shifts.
- Comfortable in industrial, outdoor, noisy, dusty, and physically demanding environments.
- Strong interest in mechanical systems, machinery maintenance, troubleshooting, and the skilled trades.

CAREER OBJECTIVE

To begin a long-term career as a Millwright / Industrial Mechanic by building on existing hands-on experience with heavy machinery, cranes, equipment, and industrial work. Motivated to learn from experienced tradespeople, develop mechanical and troubleshooting skills, and progress toward becoming a qualified skilled-trades professional.
